

SPIRITUAL STRENGTH IN HARD TIMES

Through the hard times and the happy times, wherever you are and whatever you are doing, you need only place your attention on the MAHANTA to know that the Master is with you.

This spiritual exercise of putting your attention on the MAHANTA will help you develop a surety of strength as you become a Higher Initiate and eventually an ECK Master. You will have what you need to go anywhere in life, anywhere on earth, and anywhere in the planes of God.

Then sing *HU*, a special name for God. When you sing *HU*, [you agree to let Divine Spirit do what is best for you](#). Singing *HU* does not guarantee a healing, but it does arrange for the conditions that are best for spiritual unfoldment.
